RingCentral University

RINGCENTRAL APP: ENABLING THE DARK THEME

The RingCentral app provides two themes that users can choose from; light and dark. The light theme is enabled by default, this job aid shows how to switch to the dark theme.

RingCentral App for Desktop

Follow these steps to enable the dark theme in the RingCentral app for desktop:

- 1. Click Settings.
- 2. Click Themes.
- 3. Disable **Follow system settings**. **Note**: If your computer's operating system is set to use a dark theme, enabling this option automatically sets the RingCentral app to the dark theme.
- 4. Select Dark.

RingCentral App for Mobile

Follow these steps to enable the dark theme in the RingCentral app for mobile:

- Tap your profile badge.
 Tap **Themes**.
- 3. Select Dark.

Note: If your mobile's operating system is set to use a dark theme, choosing the System default option also enables the RingCentral app's dark theme.
